MESSAGE FROM DEREK: Dear Owners,

Here is a quick update on the pools, as well as the outage here at the Clubhouse.

Pool Areas:

Both pools have been fully restored, and the water temperature should now be back to normal. If you experience any additional issues in the pool areas, please send a message to the manager so we can address them promptly.

Clubhouse Internet Outage:

There is currently an Xfinity outage affecting the Clubhouse. The outage has been ongoing for most of the week. At this time, it appears to be limited to the Clubhouse, but if anyone in the surrounding area is also affected, please let me know.

We have been informed that service should be restored by Monday. We apologize for any delays in responses to Messages to the Manager during this time and appreciate your patience and understanding.

• THE SOCIAL COMMITTEE IS BUSY BUSY – SAVE THESE DATES IN MARCH:

- FOLLOW UP TO BOARD MEETING** – The Board has taken the list of suggestions raised at the Annual Meeting and is prioritizing them to determine next steps on many of these. Security has been at the forefront, and Derek has already researched the installation and cost of cameras at the entrance, and we have set up the Safety Summit with Collier County. We are also in the process of researching the requirements for installing a railing at the Clubhouse entrance. The Lighting Committee has been working, and we will look at improving the entrance lighting as well. All those will help with the safety and security, and the Board views these issues as high priorities to improve the safety and security of Wiggins. Beyond safety and security issues, Terry Weiner has stepped up to look at what would be involved in replacing the Clubhouse furniture. If you would like to help with this, contact Terry at weinert@union.edu. More to come on all of these and more. We all want to keep moving Wiggins forward!

The bougainvillea by the bridge have now been removed. The soil will be treated and eventually there will be new plantings.
